Technical Venue Specifications – Koncertsalen Alsion

Rental conditions:

As part of the rental agreement of the Concert Hall:

- **There is a Stagemanager available from Load In to Load Out.**
His only job is to show and advise the tenant regarding power- and signal connections as well as guide ways in the venue and to ensure safety regulations are followed.
He will coordinate doors, intermission etc. together with the tenant and the Front House Staff.
Alsions Spec's does not provide a Sound- and/ or Light Technician to conduct/ run the Show.
- **Equipment listed in this document can be used free of charge.**
No handling, focusing or cabling work is included in the agreement.
This can be ordered in advance and will be invoiced separately.
- **Use of fire or pyro of any kind is strictly prohibited.**
Activation of the firealarm will be charged directly to the tenant.
- **Use of smoke is allowed but must be coordinated with the Stagemanager.**
Activation of the firealarm will be charged directly to the tenant
- **Extra cleaning due to confetti or other will be invoiced separately.**
